Putting a Subject On Study:

While in a subject's record, navigate to the On Study tab. You will be able to put the subject on study and assign staff to them.

You are in Subject Console > On Study.

Enter the Sequence Number, On Study Date, and all other relevant information.

Assign subject staff here.

You can select a whole team (or certain members) from another protocol by clicking the Team button.

Be sure to click "Submit" when you are done.
